FOREWORD

The *My LIFE Pictionary—VERBS* is one of a series of picture dictionaries organized by categories to assist the child in finding verbal labels for known concepts. Other books projected for the series will relate to such areas as people, animals, nature, homes, community and occupations.

The *My LIFE Pictionary—VERBS* can be used as a reference book for the child or as an independent study book to learn the 125 verbs included in the contents. Most of the verbs are pictured in the past, present, and future tenses with appropriate sentences. A few of the verbs are presently in only one or two tenses because of the irrelevance of some tenses or the difficulty in showing them visually.

The teacher and/or parents of children who utilize this book are encouraged to send their responses about it to Project LIFE, National Foundation for the Improvement of Education, 1201 Sixteenth Street, N.W., Washington, D. C. 20036.
